

FOR IMMEDIATE RELEASE

Anthony Lopez Appointed Vice President, Information Technology

(Denver, Colo., May 29, 2007) -RE/MAX International is pleased to announce that Anthony Lopez has been promoted to the position of Vice President, Information Technology.

Kristi Graning, Senior Vice President of IT and eBusiness said “We’re very proud of Anthony’s accomplishments. He’s been responsible for so many valuable contributions to the IT department as Executive Director. I’m sure he’ll continue to have a great impact on the entire organization as Vice President, Information Technology.”

Lopez joined RE/MAX in 2006 as Executive Director, IT. Since that time, he has been instrumental in numerous departmental innovations. He has overseen increased levels of service, and he coordinated infrastructure refinement and technology standardization projects to enhance overall efficiencies.

Prior to joining RE/MAX, Lopez spent twenty years with IHS, Inc. of Englewood, Colorado, where he advanced to the position of Director of IT. He has also been employed by IBM’s Global Services Group. With more than 16 years in the field of Information Technology, Lopez has extensive experience in the areas of support services, business systems, application development and information delivery.

Lopez is a member of the IEEE professional association and holds two Bachelor of Science degrees, in Business Administration and Computer Information Systems, as well as, an Associate Degree in General Education, all from Columbia College in Columbia, Missouri.
